HENDERSON'S SELECTED BIGNONIA
GRANDIFLORA (Natural Color)

A rare summer blooming vine producing enormous clusters of flowers. See page eight for complete description.

Henderson's

EXPERIMENTAL GARDENS

ROUTE 5, BOX 22 FRESNO, CALIFORNIA, U. S. A.

Owned and Operated by

William H. Henderson

Former Assistant to
Luther Burbank

GLADIOLUS

(Above photo taken in our test grounds)

I have been deeply interested in the improvement of gladiolus for many years. Hybridizations are made by the thousands yearly to improve this flower. I can supply any of the following colors: Rose pink, deep pink, salmon, white, scarlet, chamois, begonia rose, orchid, orange, yellow, shrimp pink, cream, spectrum red, apricot, and flesh pink. Large size bulbs at 50c per dozen; \$1.50 per 50; \$2.00 per 100. Picardy and Mammoth White at \$4.00 per 100.

Rain Lilies

Zephranthes Grandiflora Rosea—Fairly lily. A very lovely summer flowering bulb. Produces from May until October an abundance of large rose-pink flowers about 3 inches in diameter on stems 12 inches long. Unexcelled for cutting. 75c per doz.

Zephranthes Alba—A pure white variety of the above. 75c per dozen.

Zinzibar officinale "Wild Ginger"—Grows to 5-6 feet high. Flowers very large to 4 inches in diameter. Pure white very fragrant. Grow in sun for best results. Fall flowering. 50c each.

Unusual Iris "Brown Eyes"

Morea Bicolor—Evergreen, grasslike foliage grows to height of 3 feet. Blooms almost entire year. 3 inch cream-yellow flowers (resembles iris) conspicuously marked with three dark brown eyes. Unusually beautiful and valuable as a cut flower. 50c each.

"American Iris" Beautiful Species and Hybrids

Louisiana Violpurpurea (Small)—Deep claret purple with Gold center. Hardy in the north. 3 feet. Plant July-October.

Louisiana Vinicolor (Small)—Deep wine purple with gold center. Hardy. 3 feet. 50c each.

Louisiana Gigantea Coerulea (Small)—Bright violet blue. Flowers marked with yellow center. 4 feet. Hardy. \$1.00 each.

Louisiana Fulva—Terra cotta or brick red. 36 inches in height.

The above species are among the most beautifully colored iris ever seen. They are not excelled in color by any other type of iris.

SPECIAL COLLECTION of above Louisiana types in mixed colors selected hybrids, \$2.50 per dozen.

TO MY FRIENDS AND PATRONS:

In presenting this catalog, I wish to thank my customers for their continued patronage and appreciation of my efforts. You may be assured that at all times the same high quality of the past will be maintained.

LANDSCAPING DEPARTMENT

We are well equipped to handle all branches of this service. Bring or write your planting problems to us for suggestions.

TERMS

Cash with orders or in advance of shipment. U. S. Postage stamps accepted for amounts under \$1.00 only. Prices include delivery charges prepaid anywhere in the U. S. except where noted. No plant orders accepted for less than \$1.00.

SALES TAX

California customers please include 3% extra for California State Sales tax

GUARANTEE

I exercise every care to ship only first class stock and will at all times endeavor to satisfy my customers in every way.

WM. H. HENDERSON

New Cannas

Burbank's "Fire Canna." One of the largest flowered cannas in existence. Constantly in bloom. Never fails to attract attention of visitors to my gardens. Finest variety for massing purposes. Enormous clusters of bright fire-red blossoms. 4 feet high. Prices on wauntities on request. I offer 3 new varieties of cannas. Deep Gamboge Yellow, (4 feet), Apricot Orange (3½ feet), deep Scarlet-Bronze Foliage (4 feet). All cannas 25c each; 3 for 60c; \$1.50 per dozen.

New Crinum "Royal White"

The largest flowered variety ever grown. Blooms 7 inches across and produced on stems 30 inches long. The pure white petals are marked with a distinct soft rose pink stripe the entire length of the petals. Very fragrant. Individual petals are over 1 inch wide. Offsets only \$2.50 each.

Giant Hybrid Torch Lilies

Tritoma—Beautiful evergreen grass-like foliage. Stems 3-4 feet long, producing flowers for months throughout the summer. Splendid for cutting purposes. Easily grown. Plant in groups of three for immediate effect. Plant in sun or partial shade. I offer 4 colors: Burbank's "Tower of Gold," coral, chrome, orange and yellow. 50c each; \$3.50 per 10.

The above Tritomas represent some 12 years of labor and hybridization and are among the largest and most beautiful ever grown.

Anchusa mysotidiflora—A very hardy and easily grown perennial. Produces masses of richest forget-me-not blue flowers on a vigorous plant about 18 inches tall. Very charming for cut flower purposes blooming over a long season. Foliage heart shaped and attractive even when not in bloom. 25c each.

NEW IVY—Geraniums "Brilliant" Bright cherry red producing flower clusters 4" across with individual flowers 1½" across. Long stemmed and very hardy-flowering entire summer. Very spectacular. 25c each.

"Tricolor" A beautiful orchid pink striped ruby red. Large individual flowers 1½" across in clusters 4" in diameter freely produced. Sometimes one plant produces a deep rose bloom. 35c each.

Berberis Darwinii—A splendid dwarf shrub to 30 inches; flowers of pure gold, produced over many months. Foliage holly like and highly colored in winter. Balled 15-18 inches at \$1.75 not prepaid.

PERUVIAN DAFFODIL

(See Above Photo)

Bulbous plant, producing for many months throughout the summer flowers resembling Amaryllis. Very sweet scented, and splendid for cutting purposes. Stems 18 inches long. Flowers are white in color, and are excellent keepers. Plant almost evergreen. 25c each; \$1.50 per dozen. Not less than 12 at this rate. Prepaid. Blooms from June to October. Proving very popular.

NEW TIGRIDIA HYBRIDS

Mexican Shell Flower—Gorgeous large flowers 6-8" across produced on gladiolus-like stems. Blooming season most of the summer. Easily grown in partial shade or full sun. Requires good drainage.

Rare Colors:

Pure white— @ \$2.00 per dozen.
Wine red— @ \$2.00 per dozen.
Lavender pink— @ \$1.50 per dozen.
Red and Yellow (old orig. var.)— @ \$1.00 per dozen.

Fuchsia Riccartoni—An old but rarely seen Fuchsia that can be grown where others freeze. Will stand freezing as low as 10 degrees Fahrenheit. Small flowers produced in masses. Sepals coral red, petals purple. 50c each.

Blue Tree

Sophora viciifolia—An evergreen small tree growing to 15 feet with graceful habit of growth and decorative pinnate foliage. A mass of lavender-blue in mid-spring. Fast growing and desirable. Plant in full sun. 30 inch trees in 1 gallon cans. \$1.50 each (not prepaid).

Easily Grown Orchid

HARDY CHINESE ORCHIDS

Hardy in the east as far north as Washington, D. C. A most attractive bulbous plant. As easily grown as a Spanish iris or Lily of the Valley. Thriving in either shade or sun with good drainage. Flowers about 2" across. These are produced 2 to 6 on a stem 15-18" high. Flowers in late spring, and resembles in every detail (except size) a Cattleya orchid, the one so commonly sold by florists everywhere. Foliage like a miniature gladiolus in form with a white edge on either side. 50c each; \$5.00 per dozen. Alba (pure white form of above) at \$1.00 each. Very rare.

Iris Japonica—Gigantea

Gigantea—A beautiful orchid-like iris, imported from the Orient. Flowers medium size, white with yellow throat heavily dotted with ring of bright blue dots. Each petal is heavily fringed or lacinated. Grows to 3 feet in height, with beautifully varnished foliage. Valuable for shady or half shady locations. Plant carries as many as 40 flowers on a single flower spike. The most orchid-like iris in flower, shape and color. Likes moisture. 50c each; 3 for \$1.00; 12 for \$3.00.

Crinum "White Queen"

(See Above Photo)

This beautiful variety was produced by crossing tropical species with an American native plant. Each plant bears many stems that carry large clusters of 25 or more flowers that are 5 inches in diameter. Very fragrant, and increase in size and beauty each season. Plant in full sun or partial shade. Large bulbs. Each \$3.00; offsets \$1.00 each. Bulbs when full grown frequently weigh from 8 to 15 pounds each.

Henderson's Hybrid Giant Hibiscus

(Field View Above)

This new hibiscus can be grown anywhere; absolutely hardy. The flowers are enormous in size measuring from six to ten inches across, and when established will bloom from May to November. In winter the plants die, but the roots sprout again each spring, being perennial in nature. Healthy and vigorous and will thrive in any soil. Plant with shrubbery. Colors range from snow white through all shades of pink, red orchid, scarlet and maroon. Mixed colors 50c each root; \$5.00 per 12. Selected colors, \$1.00 each. These grow about 3½ to 4½ feet high.

MEYER LEMON

For Description of same see
BOTTOM PAGE 13.

Same as
CHINESE DWARF LEMON

*These Hibiscus have been
received throughout the na-
tion with unbounded enthus-
iasm.*

"Mammoth White"—Eleven inch flowers purest white faintly striped with soft rose. The center is rich velvety red. One of the most beautiful in entire collection. \$1.50.

"Silver Rose"—Richest raspberry rose overlaid silver and striped with deeper rose. Center of the very richest dark red. Flowers 9 to 10 inches in diameter. \$2.50 each.

"Radiation"—Wonderful 9-inch flowers of satin pink striped with many lines of rosered radiating from a center of richest velvet red. Individual petals 4¾ inches broad. \$1.00 each. Illustrated in color on front cover.

"Poinsetta"—Very large 10-inch flowers of gorgeous cerise red, self colored variety. Prolific bloomer and one of the most brilliant ever shown. \$1.00 each.

"Improved Radiation"—A larger and more vividly colored "Radiation." Individual petals 5½ inches broad. Flowers 11 inches across. Red veins more prominent and a more richly colored center. \$2.00.

"Wm. H. Henderson"—Very new and unusual color crushed raspberry red with very distinct stripes of deep red with rich dark center. Blooms are 7 inches in diameter. Individual petals 3½ inches broad. One of the most floriferous varieties. Not one of the largest, but one of the loveliest ever produced. \$1.50 each.

CULTURAL DIRECTIONS

Plant in full sun—No cultivation. Cover eyes on roots about one inch deep and stake. They will not sprout until weather becomes settled and warm in spring. These Hibiscus require good drainage and moderate water supply.

Henderson's Hybrid Giant Hibiscus

New for 1940

(See above colored plate)

New Blood Red Hibiscus—Magnificent new red. Very deep in color. Unusual texture of petals, with relaxed petals. Best of all my dark reds. \$2.00 each. 8 inch flowers.

New Heavy Petaled Rose—Old-rose flowers with imbricated petals. Never fully expanding. Substance very unusual. Graceful variety. \$1.00 each.

Carmine Rose—Seven inch flowers of deepest carmine rose with centers of deepest Burgundy. Prolific bloomer. 75c each.

Appleblossom—Soft shade of pink heavily veined with rose. Flowers eight inches across. \$1.00 each.

New Clematis

We have recently imported several fine new varieties from England namely the following:

Clematis Armandii—Pink variety. This should be a winner being evergreen and like armandii except for the addition of color.

Clematis Joulanana—A vigorous variety blooming in July and August producing panicles of flowers up to 5 feet in length. These flowers are soft blue.

Clematis Montana-Pink Perfection—A new type of this old hardy variety with better color and producing its flowers all summer.

Clematis "Snowdrift"—New variety of the evergreen Armandii that has larger and finer flowers than the original species.

Just as soon as we can get into production on these we will be in a position to offer them to our customers. We have a few Dutchess of Albany and Countess of Onslow plants available for early spring planting.

APRICOT PINK TRUMPET VINE

For rare new Trumpet Vine see page 8 for description,
and front cover for illustration in full color.

Wm. H. Henderson's New Giant Hybrid Hibiscus

The Hibiscus offered were developed from a hardy longlived branch of the Hibiscus family. They are resistant to extreme cold and can be grown in the colder sections of the U. S. They require no winter protection of any kind. Only the simplest culture is needed. I can recommend them very highly for long and colorful display in the garden. All plants bloom well the first year planted.

Testimonial from a satisfied customer: *"Just a line to tell you of the Hibiscus root I purchased from you this Spring. To date, Sept. 1st, I have picked 215 blooms from the bush. Each bloom measured from 8 to 10 inches in diameter. The root was planted March 1st.—Mrs. E. T. S."*

Beautiful New Clown Hibiscus

"Clown"—(Illustrated in color—Very difficult to describe. The blooms have the appearance of having been hand painted. Color is flesh pink over ivory white. The ends of petals are blotched claret rose for at least $\frac{1}{2}$ of their length. The later color bleeds through the lighter zone to a deep red center. \$2.00 each. 9 inch blooms.

A splendid new summer flowering perennial, resistant to frost and can be easily and safely grown throughout the entire United States.

New Hibiscus

The following named varieties of hibiscus are offered as the most beautiful in my entire collection. Over twenty thousand hybrids have been grown and tested during a period of ten years and these are offered as the very finest.

Giant Old Rose—One of the largest flowered varieties in our collection. 10 to 12 inch blooms of soft old rose throughout. Early bloomer. \$1.00.

"Raven"—Easily the most beautiful. Deep maroon semi-ruffled petals of heavy substance. The darkest of all reds so far produced. Flowers 7 to 8 inches in diameter. \$2.50 each.

Mahogany—Semi-fluted petals of mahogany red throughout. Beautiful flowers to 7 inches in diameter. \$1.00.

New Ruffled Raspberry Rose—A most beautiful ruffled like crepe. Richest raspberry rose with small eye of burgundy red. Wonderfully beautiful. \$2.00, each.

New Improved Fresno—A glorified Fresno possessing richer color throughout. Individual petals over 5 inches across. Petals imbricated. Flowers measure 10 to 12 inches across. \$2.50 each. Largest flowered of all my hybrids.

"Crimson Wonder"—A magnificent flower over 10 inches in diameter. Is an intense crimson color. \$1.50 each.

"Satan"—The nearest approach to a true velvet red. Flowers 8 inches in diameter. Its beauty is entranced by shadings of deeper maroon. \$2.50 each.

Giant White—Enormous pure white with small rose colored center. Petals faintly tipped rose. The largest near pure white in our collection. \$2.00 each.

Hibiscus "Formal White"—Heavy petaled, pure white semi-ruffled round formed flower with deep red center. \$1.00 each.

"Fresno"—Nine inch flowers of satin pink overlaid with silver. An indescribably beautiful variety. Individual petals 4 inches broad. Possesses a Burgundy red center. \$1.00 each. The finest self-colored pink ever grown.

New Ruffled White Hibiscus—Enormous 10 inch blooms beautifully ruffled petals of pure white with a center of dark red. The most beautiful and sensational white hibiscus ever grown. \$2.50 each.

NEW CARNATIONS

(W. H. Henderson's New Hybrids)

APRICOT QUEEN—Clear orange salmon (new) 50c each.

NEW YELLOW—Clear lemon yellow (new) 25c each.

PURITAN—Largest pure white grown (new) 25c each.

All 25c Carnations \$2.00 per dozen.

Great advancements have been made in the carnation and we offer below the very best in commerce today. Carnations need full sun and should be disbudded to obtain maximum size. They should be pinched back upon receipt of plant to insure good branches. Heavy pruning once a year is recommended to keep plants neat and tidy in appearance.

"Pharoah" A wonderful new carnation. Petals bright orange with tips of each petal fringed with red. There are no pencilings. Blooms measure 3½-4½ inches across, and are full and well formed. Plant robust and stems long and strong. The greatest advance in carnation development offered today. 50c each.

"Spectrum Supreme" Large vigorous red carnation of top quality. Long stems at 25 cents each.

"Luxury" A new bright red variety. Excellent variety. Best red in commerce today. @ 25c.

"Snow White" A new giant carnation with extra large flowers 4-5" across. Blooms full and high centered. Show quality. Free bloomer. The finest white I have ever seen. 50c.

"Glant Liddle" A salmon sport of Liddle with larger flower with deeper and more vigorous than parent. Good producer of show quality blooms. 35c each.

"Woburn" The leading crimson carnation. Highest ranking quality. Blooms large and full with slightly fringed petals. @ 25c each

Barbara Farr—A fine new scarlet variety. 25c each.

Barbara Brigham—Beautiful orange and rose variegated. 25c each.

Pelargonium—Orchid-pink with basal color of purple. 35c each.

Maytime—Beautiful new light pink. 25c each.

Clematis Davidiana—A unique herbaceous clematis blooming in much the same manner as the tall perennial phlox. Produces quantities of fragrant gentian blue flowers all summer. Strong heavy roots \$1.00 each. Very hardy.

Extra Fine Camellias

Camellia "Grandiflora Rosea"—The most beautiful of all informal varieties. Flowers up to seven inches in diameter and a gorgeous deep rose in color. Marvelous variety (very rare). 8-12 inch in 5 inch pots at \$1.50.

C. M. Hovey or Magnolia King—A very large variety of deepest rose up to seven inches in diameter. Rare. 5 inch pots \$2.00 10 inches in height.

Fast Growing Shade Trees

Modesto Ash—The West's newest high class shade tree. Great advance in beauty and hardiness. Grows like a perfect Arizona Ash but has no seeds and develops faster. Disease free and extremely drought resistant. Foliage hard and glossy on both sides. Fine Foliage hard and glossy on both sides. Finest shade tree known. 6-8 ft. at \$1.50; 8-10 ft. at \$1.75.

Robinia Decalslana—Showy flowering locust. Producing very long clusters about 15-18 inches in length. Beautiful rose-pink. Splendid shade tree growing very rapidly to a height of 40 feet. Grafted specimens \$1.50 and \$2.00 each. These are among the most beautiful of spring flowering trees. Drought resistant. Not prepaid.

Silver Maple—Large tree of very rapid growth. Foliage bright green and silvery on under side. More rapid grower than the sycamore. Excellent shade tree for interior valleys. Large trees 8-10 feet high. \$1.25 each; 6-8 feet \$1.00 each.

American Sycamore—A very large tree that should be more widely used. More resistant to insects and more beautiful foliage than its European cousin. 5-6 ft. at \$1.00 each.

Butternut (Juglans cinerea)—A beautiful tree with enormous foliage. Makes an excellent shade tree. Producing quantities of nuts with white meats of excellent flavor. Strong young trees \$1.00 each. Prepaid.

"Snow" Azalea

Azalea ledifolia "Snow Azalea"—A hardy large flowered 3½ inch pure white azalea. Evergreen. Blooms over a long season and highly recommended. 12-15 inches at \$2.25; balled plants: not prepaid.

New Spiral Willow

An unusual new sport of the weeping willow. It possesses same graceful habit. Each leaf is curled or rolled in a fantastic fashion resembling in form a Ramshorn. Wonderful to plant near a pool for a specimen tree. \$1.00 each.

New Figs

"New Miracle Fig"—A splendid new fruit producing a very heavy crop the first summer after planting. The figs are luscious and very sweet. It has been known to produce 24-36 fruits the first year from a cutting so the rooted plants that I offer will produce many more the first season. Fruits are large (1½" thick and 2½" long.) Ideal for the small family orchard and of excellent quality. Be sure and try this as we know you will be satisfied. A black fig. 36-40 inches at 75c.

New Fig

Azalea Altaclarensis—Beautiful selected form. Flowers golden yellow with orange centers. Clusters are large reminding one of a yellow rhododendron. Fragrant. Easily grown in part shade. Foliage is yellow and scarlet in winter. Augments the beauty of any garden. 18 to 24 inches. \$2.25. Not prepaid.

Azalea Mollis—Orange, apricot and yellow flowers borne in great profusion. Very fragrant. Medium size shrubs preferring partial shade. 75c each with bloom buds. Prepaid. Balled, 12-15" @ \$1.25. Not prepaid.

Azalea Schlippenbach-Royal Azalea—Beautiful rose pink flowers, 3 inches in diameter. Largest flower of this species. Plant in partial shade. (30-36 inches branched). \$2.50 each. Not prepaid.

Azalea Calendulacea—The flame azalea of the south. Perfectly hardy and easily grown. Plant in partial shade in moist soil. The most beautiful of all American azaleas. Color orange salmon. Height 18 inches \$2.25. Not Prepaid.

The above Azaleas are among the world's most beautiful azaleas and should be more freely used in landscape work.

FLOWERING DOGWOODS

NEW DOGWOOD

Cornus Officinalis—Small tree growing to a height of 15 feet. Beautiful new species imported from China. Has yellow flowers followed by large attractive scarlet fruit. Unusually beautiful foliage—Very heavily veined turning gorgeous scarlet in the fall. \$1.50 each prepaid.

Cornus Florida Rubra—(Flowering Dogwood)—Unusually beautiful, 4-inch deep pink flowering Dogwood. Flowering in early spring and presenting a gorgeous display of color. Prefers partial shade, preferably in afternoon. Needs plenty of water and no cultivation. Soil free from alkali and containing leaf mold recommended. Grafted plants 18 to 24 inches, at \$2.00, 3 to 4 feet, at \$3.50 each.

Cornus Florida—A pure white form of the above, 18 to 24 inches at 75c each.

Cornus capitata—A Himalayan species very hardy in Western America. The only evergreen Dogwood. Producing 3 inch flowers in early summer of pure white. A rapid grower and highly desirable. Needs partial shade or full sun. No cultivation and good drainage. Has large attractive red fruits in fall. Gallon cans 75 cents. Not Prepaid.

Cornus florida plena—Double flowering dogwood. Showiest of all white dogwoods. Blooms when very young. Large showy semi-double white blooms with outer row of petals often more than three inches across; inner rows arrayed in whorls. 18 to 24 inches at \$2.25. 3 feet at \$3.50. Prepaid.

Rare Hybrid Clematis

(See Above Photo)

Among the world's finest flowering vines. Produces very large, attractive flowers from May to the November frosts. Very hardy; withstanding temperatures with perfect safety to 10 below zero. Will grow equally as well in part shade as in full sun. Flowers long lasting and useful for bouquets. No cultivation needed. Need plenty of water and good drainage. Acid soils not recommended. These are excellent for a very long season of bloom (surpassing even the hybrid tea roses in this respect). All plants offered will bloom well first year planted.

New Imported Hybrid Clematis

NOTE—Aside from their value as flowering vines for general garden use, clematis make beautiful pot plants when grown in large pots or tubs. We cannot recommend a more beautiful and long blooming vine for gardens generally throughout the United States.

Dutchess of Albany—A beautiful bright pink Jackmani X coccinea hybrid. Vigorous and the best of all pink varieties. \$1.00 each. Prepaid.

Lord Neville—A very large flower of deepest plum purple almost royal purple. Easily the best of Jackmani hybrids of deeper shades. \$2.00 each.

Clematis "Crimson King"—A magnificent crimson variety. Flowers up to eight inches across. Gorgeous is the only adjective to apply to this new variety. \$2.00 each.

Clematis Jouinlara—A hardy fast growing lavender blue; flower clusters produced in August and September. Up to five feet long. \$1.00 each.

Clematis Ramona—Deep sky blue flowers. Unusually large 9-10 inches across. Vigorous habit and free flowering. \$1.00 each.

Clematis Jackmani—Large flowers 5-6" across. Petals very broad. Velvety purple. 75c each.

Clematis Henryl—Robust plant, free bloomer. White. Flowers to 8 inches in diameter 75c each.

Clematis Dutchess of Edin-burgh—Beautiful double white. Petals attractive arranged and imbricated. 75c each.

Clematis Mme. Edouard Andre—A deep crimson; flowers 5-6 inches in diameter. 75c each.

Clematis Mm. Baron Vell-lard—Extra vigorous type. Free bloomer. Very large light rose flowers. 75c each.

Clematis Species

Clematis paniculata—Japanese flowering clematis. When in bloom in the fall the vine is completely covered with white very fragrant flowers. Racemes of blooms often 5 feet long. A very fast growing hardy vine. 2 year \$1.00. Prepaid.

Clematis montana rubens—A rapid growing vine to 20 feet. Flowers produced in masses in early spring. 2 to 3 inches in diameter. Pink in color. Beautiful spring flowering vine. 75 cents each.

Clematis tangutica (Golden Clematis)—A very beautiful fast growing vine producing golden yellow flowers in late summer and fall. 75 cents. Prepaid.

Rock Garden Plants

Rosa Rouletti—A miniature rock garden rose with its growth not exceeding 12 inches. It flowers freely from spring until fall. Well-formed buds develop into double pink flowers. Hardy. The smallest rose in the world. Large 75c.

Genista tinctoria flora plena—Low growing, height, 5 inches and spreading 2 to 3 feet. Extremely colorful in bloom, the foliage being hidden entirely by clustered golden yellow flower heads standing 2 to 3 inches above plant. The most profuse bloomer of all brooms. 6 inches at 50 cents. Prepaid.

New Coronilla Cappadocia—Evergreen perennial growing to height of 10 inches. Flowers produced in racemes of richest golden yellow. Very showy and one of the finest rock garden plants known. Early spring bloomer. 50c each.

Vinca Bowe's Variety—Larger and deeper blue than common type. Prolific bloomer. Fine for planting in deep shade. Ever green. 25c each.

Veronica repens—A beautiful evergreen ground cover thriving in full sun and producing in spring and early summer masses of cobalt blue flowers. Foliage is a deep green and does not exceed four inches in height. \$1.00 per dozen or \$5.00 per 100.

Clematis Coccinea

(See Above Photo)

A very hardy rapid growing herbaceous vine to 20 feet. Blooms throughout the entire summer. Flowers are urn shaped; about 1 inch in diameter and 2 inches long of brightest vermillion. Inside of flower is intense golden shade. One of the most graceful and attractive flowering vines I have ever seen. Must be planted in sun for best results. Strong roots. 75c each.

Clematis for the Perennial Border

Clematis Davidiana—Hardy herbaceous perennial producing clusters of very fragrant gentian blue flowers over the summer months. Height 3 feet. Grows upright like a shrub. An exceedingly fine perennial. Strong 2 year roots. \$1.00 each. Prepaid.

Clematis Recta Grand Fl. Pleno—A very attractive new herbaceous perennial growing to 3 feet high. Produces masses of double pure white flowers throughout the summer months. Very fragrant. Planted in full sun in perennial border it is most effective. 75c each.

FOR DEEP SHADE

Ajuga reptans rubra—A comparatively new variety of this old favorite. A perfect plant for growing in shady locations as a ground cover. Foliage during the winter is a rich purple and bronze with a metallic lustre. This is followed in the spring and early summer by myriads of blue flowers. The leaves in the summer are a deep green. Just the thing to carpet the ground in deep shade. Very hardy and easily grown. Strong plants that will bloom first year. \$1.00 per dozen.

Hardy perennials comprise some of the most useful flowering plants for the border. Requiring a minimum of care and thriving with great vigor. Many have basal evergreen winter foliage which makes them unusually suited to places where both flowers and ground coverage are essential.

Michaelmas Daisies

Charming (Burbank's)—Soft shade of pink with yellow center. Graceful weeping branches. 4 feet high, resembles small spires shrub when in bloom. 50c each; \$3 per doz.

Baby Blue—(Henderson's) When massed in front of dark green shrubbery it appears similar to a soft blue cloud. Visitors are enthusiastic over its heavenly blue color. Try the effect in your garden. You too will be greatly pleased. 50c each; \$3.00 per doz.

Lavender Queen—(Henderson's). Richest lavender with orange center that sets whole flower aglow. Blossoms 2 inches in diameter. All above varieties, 50c each; \$3.00 per doz.

Aster Frickarti—A perennial aster producing 2-inch blooms on bright lavender blue throughout the entire summer. Height 30 inches. The finest of all Michaelmas daisies to date. 50c each.

A New Bignonia Grandiflora

(Illustrated in Full Color on Front Page)

A very rare giant flowering trumpet vine bearing many apricot pink and orange flowers that are from 3-4 inches in diameter. Flower are borne in immense clusters and will average over 100 to a single cluster. Quick grower. Hardy anywhere. Strong grafted plants ready from December to April 1st. In bloom all summer. 1 year grafts, \$1.50; 2 year at \$2.00.

Jasminum stephanense—An extremely rapid growing vine producing quantities of lavender pink very fragrant flowers. One of the most rapid growing of all vines and highly desirable for quickly covering trellises or unsightly objects. 50 cents each.

Hydrangea petiolaris—Climbing Hydrangea. Attractive self clinging vine. Flat loose clusters of fragrant white flowers averaging 5 inches across. Good on stone or brick walls. 75 cents. Prepaid.

Wisteria—Double violet blue. Grafted vines of the best varieties of Wisteria. The double variety is especially recommended for the longer lasting qualities of the blooms. 2 year grafted \$1.75. Also single pink flowering varieties. Prepaid.

Mandevilla (Chilean Jasmine)—A handsome summer flowering vine with large 2-inch blossoms of pure waxy white. Intense asmine fragrance. Foliage large and very attractive. Highly recommended. \$1.00 each.

Polygonum auberti (Silver Fleece Vine)—A strong growing fall flowering vine, producing perfect masses of white flowers that are quite fragrant. Easily grown and disease free. 75c each.

A NEW EVERGREEN WISTERIA

Milletia Japonica (Formosa Wisteria)—A splendid evergreen flowering vine producing throughout the entire summer, long clusters of deep purple Wisteria-like flowers. Strong rootings \$1.50 each.

Confederate Jasmine—Star-shaped flower; pure white—very fragrant. Foliage thick and glossy. Evergreen vine blooming most of the summer. Gallon cans, 75c.

Rhynosperrum divaricata—A new confederate jasmine species with flowers one-third larger than the common variety. Pure white but with a distinct yellow eye. A remarkable variety and never before offered. Young plants in gallon cans \$1.50 each. Not Prepaid.

NEW EVERGREEN CLEMATIS

Clematis Armandii grandiflora—Evergreen climber very vigorous. Producing its large 2 inch blooms of pure waxy white in such profusion as to almost completely cover the plant. Foliage glossy dark green frequently with leaves 6 to 8 inches in length. Flowers very fragrant. Certainly the most beautiful evergreen flowering vine in existence. Destined to a popularity beyond comprehension when better known. Flowers in early spring. Large plants \$2.50 each, Smaller size \$1.50 each.

"Climbing Cineraria"

New Climbing Senecio—A tender rapid growing vine blooming throughout summer into fall. Flowers about 2½ inches across of brilliant copper scarlet, daisy like in form. One of the most beautiful flowering vines known and should be in every garden. Produces large clusters of bloom. Plant in full sun. Protect from frost. 75c each. Prepaid.

Bignonia Violacea—Evergreen Trumpet vine flowers large, orchid, pink, yellow center. Foliage glossy. One of the most beautiful flowering vines. 75c each.

Fragrant Showy Pink

Dianthus "Ruth Elaine"—A large single deep rose. 2 inches across with deep ruby-red eye in center. Long stems. Almost continually in bloom. Fragrance very rich and unexcelled. A splendid perennial well worth a place in your garden. 25c each; \$2.00 per dozen.

Giant Verbenias

"New Giant Red"—Oxford Verbenias. Selected form of brilliant deep red with white eye. Flower clusters 4 inches across. Selected cuttings 60c per doz. Also Giant Pink at same price. Very best way to get the best verbenias.

Salvia Pitcherla—Splendid perennial. Growing 4 ft. high, blooming from August until frost and producing masses of **pure gentian blue** flowers. One of the most beautiful perennials in existence. Unsurpassed for long full blooming season creating masses of blue for months. 50c each; \$3.00 per dozen.

Iberis sempervirens—Evergreen candy-tuft. Forming a small shrub to 12 inches high. Foliage rich glossy dark green. Plant completely covered with pure white flowers in very early spring. Ideal for the rock garden or used as a border. In summer as neat as a boxwood in appearance. 25 cents each. Prepaid. \$1.50 per dozen.

Dianthus Knappi—A very rare evergreen. Yellow flowered variety. Very beautiful. 50c each.

Pentstemon

Wm. H. Henderson's Hybrid. Evergreen perennial almost continuously in bloom. Rivals petunias in production of blossoms. Makes bold clumps 18-30 inches in height. Flowers about 2 inches in diameter and resemble fox-gloves. Unusually free from diseases and easily grown. Recommended as a substitute for snap-dragons as it is never troubled with rust. I offer varieties selected from thousands of hybrids: Scarlet Bedder, a soft rose scarlet, 15c each; \$1.50 per dozen. Mixed, Lavender, lavender-Blue, 25c each. The above varieties are grown from selected rooted cuttings. A well-established bed of these will thrive for years with no special attention needed.

Hardy Perennial Cobalt Blue Veronica

New "Blue Spire" Veronica—Hardy herbaceous perennial producing beautiful spikes of cobalt blue flowers over the entire summer season. Very hardy and easily grown. Thriving for years with little or no attention. One of the most effective of all perennials in the border. Height 30 to 36 inches. (Sensational) 35 cents each. 3 for 75 cents \$2.50 per dozen. Prepaid.

Evergreen Ground Cover Flowering

Heilanthemums—Sun Roses. Low spreading evergreen that are practically covered with dainty flowers from spring to fall. Hardy long-lived and easily grown plants. Excellent for sunny rockwork, front of borders, sides or tops of walls. I offer three colors: Double red, apricot and rich orange. 35c each, 3 for 90c; \$3.00 per dozen.

Perennials

Anemone Japonica—Valuable for massing or as single specimens in the border. They grow rapidly, and are profuse bloomers gaining in strength and beauty each year. They bloom from July till the 1st of November. Height 2 to 3 feet. I offer the following colors: Semi-double white, rose, pink, and red. Admirable for cutting. These flowers are specially recommended for shaded areas. \$1.00 for 3 or \$2.50 per dozen. Do extremely well where many plants will not thrive. 35c each; hardy, long lived perennial.

Scabiosa Perennial Hybrids—An excellent perennial for the garden. Produces large blue, lavender and white flowers on long stems. Blooms through the summer. Very hardy. Plant in full sun. Strong 1-year plants, 25c each; \$2.00 per 12. Prepaid.

Perennial Phlox—"Miss Lingard" Large panicles of pure white, foliage glossy. One of the best perennial Phlox. Resistant to red spider. Easiest of all to grow. Blooming one month earlier than most varieties and continuing till very late in season. \$2.25 per 12; 25 cents each. Prepaid.

Gerbera (Transvaal Daisies)—New Hybrids. Plant in full sun or part shade. Bloom all summer. This strain was secured from the largest collection of Gerberas in the world. Colors include coral, scarlet, crimson, cream, yellow and many other combinations. Two sizes of plants; large 30c each, \$3.00 per dozen; medium \$1.50 per 12.

Papaver Olympla—An unusual new perennial poppy, forming a clump by underground runners. Flowers are semi-double and range in size from four to five inches in diameter and are a pleasing shade of apricot and orange. Stems are 2 to 2½ feet long. Splendid cut flower. 25c each; \$2.00 per 12.

Statice Latifolia—"Blue Babies Breath" Fine perennial increasing in beauty each year. When in bloom resembles "Baby Breath" except in color that is an exquisite sky blue. Used very successfully in dried winter bouquets. Will keep for years. Large 2 year plants ready for immediate bloom, 50c each; \$3.50 per dozen.

Delphinium—"New True Blue". A selected hardy form of Belladonna type producing spikes 4 feet high of a deep true blue. Magnificent new form. 50c each.

Dianthus Beatrice—A new variety of this popular flower. It has double flesh pink flowers produced in large clusters over many months. A superb new variety. Strong rooted cuttings, 25c each; \$1.50 per dozen. Best perennial Dianthus.

Columbine—Wm. H. Henderson's Hybrids. A great improvement over older types. Larger flowers and longer spurs. Colors include yellow, orange, red, rose, blue, purple, cerise, white, salmon and mauve. Seed 20c pkt; 3 for 50c. Roots, \$1.50 per doz. All weak colors have been eliminated.

Columbine "Crimson Star"—Very large flowers with long spurs. Outer petals deep crimson with central petals of white. Very attractive new variety. Grows to 3 feet. Strong 1 year plants at \$2.00 per dozen or 25c each.

New Geums—"Princess Juliana" extremely large flowers of copper yellow. Far superior to any seed grown varieties. 25c each; \$2.50 per dozen.

HENDERSON'S NEW GIANT AMARYLLIS

These magnificent new creations produce some of the largest flowers known. They are seldom less than 6 inches in diameter, and frequently 14 inches. As easy to grow as Iris or Gladiolus. I especially recommend them as substitutes for tulips in warm climates as they increase in size and beauty each year. **IMPORTANT:** Do not confuse these Amaryllis with the familiar summer-blooming Amaryllis Belladonna on which the foliage dies in summer. These new creations have both foliage and flowers at the same time. Plant in full sun. Colors are white, beautifully marked and striped with crimson; ruby-red, light and dark shades of pink, scarlet and a dark velvet red. After the bulbs are established they will bloom several times a year. The largest crop of flowers is borne in spring, about the same time the Darwin tulips are in bloom. Unequalled for garden use in the West. *Plant any time.*

In form the flowers resemble gigantic lilies. For several years I have been hybridizing many varieties of this fine flower. The best obtainable stock has been secured from England, France and Germany, also the best of the Burbank strain, for this work. Several acres will be developed to this experiment during this next season. A new double-flowered form is under observation and also a yellow variety. Mixed colors, large blooming size bulbs are 75c each; \$3.00 for six; \$5.00 for 12; \$30.00 for 100. Smaller bulbs, to ¾ inch, \$20.00 per 100; will bloom in 8 months. Prices on planting stock in quantity upon request. Selected colors at \$1.00 each. Medium size bulbs, \$3.00 per 12. Prepaid.

New Geum—"Fire Opal" very large flowered red overlaid copper. Both of these varieties are grown from root divisions of the original plant. 25c each; \$2.50 per dozen. Prepaid.

"Nivalls Sylvestris"—A new phlox similar to phlox subulata in general appearance. Dense mossy green foliage completely covered with remarkably large rosy red

flowers the size of half a dollar. Strong grower. Very hardy. 3 inch pots @ 60c.

Campanula porcharskyana—A beautiful evergreen trailing variety blooming most of the summer. Violet blue star shaped blossoms. A well established plant of this in the rockery presents a mass of color indescribably beautiful. 25 cents. Prepaid.

WM. H. HENDERSON'S NEW HYBRID ORCHID FLOWERING DAHLIAS

These are the most graceful of all dahlias for cutting purposes. Height 24-36 inches. All colors, from fawn, to vermillion and scarlet and yellow. Many spotted and tigered crimson on the reverse side of petals. The tip of each is rolled or quilled. Flowers are single and range from 3-5 inches across. A bed of these gives the appearance of giant columbine or lilies. Bulbs or rooted cuttings in spring 50c each, \$3.00 per dozen. Fine cut flowers, as they are good keepers. Last fully as long when cut as the pompom types and possesses the advantages of long stems, hence they are easier to arrange. Destined to become very popular when better known. Prepaid.

EVERGREEN FLOWERING PERENNIALS

New Evergreen Spring Flowering Phlox

Phlox Divaricata Lapham—Perennial phlox of pure gentian blue growing about 12 inches high. Unsurpassed as a spring flowering border plant as it blooms from May until July. No other garden flower blooming at this season shows this rare and lovely color. A remarkably hardy, easily grown and showy plant. Evergreen. Divisions \$1.50 per dozen or 25c each.

Phlox Subulata Britton—Very distinct from any variety known. It forms a cushion like plant with closer growth than most subulata varieties. Abundance of white star-like flowers with darker centers formed by a ring of bright blue dots. New form 50c each, \$3.00 per dozen.

Phlox Subulata Vivid—Similar to above except that it possesses a vivid satin pink flower with red centers. One of the most beautiful dwarf shrubs for rock gardens. Blooming in earliest spring almost covering itself with blossoms. 50c each; \$3.00 per dozen; smaller at 25c each; \$1.50 per dozen.

Campanula isophylla alba—A pure white form of campanula blooming over 3 months in the late summer and fall. Grows 6 inches high. Flowers about 1 inch across and are pure white. Very attractive rock garden plant or may be used for pot plant. 25c each.

Gypsophila "Bristol Fairy"—A splendid double flowered "Babies Breath". The effect is far superior to the old single type when used in bouquets and the blooms last much longer when cut. Grafted plants at 50c each.

Burbank's Hemerocallis Calypso

Day Lily flowers averaging 5 inches across and are a glorious shade of deep lemon yellow. Grows 4 feet high. Blooms from spring to fall. Plant in full sun or partial shade. Pronounced by experts to be one of the finest of all day lilies. 50c each; \$3.00 per dozen.

Wm. H. Henderson's New "Giant Orange" Hemerocallis—Flowers are very large deep orange covered with a gold dust sheen. Flowers are of a heavy substance and petals very wide. Comparable in width of petals and size to some of the Amaryllis hybrids. \$1.50 each. Plant is 30 inches in height.

Hemerocallis Fulva Maculata—Cadmium yellow in throat with dragon's blood red in an arching band through the center of the bloom. The outer portion of the petals is veined with red. \$1.50 each. Enormous flowers.

New Hemerocallis "Margaret Perry"—Height 50 inches. Cornelian red flowers with bright yellow star at throat that continues to the tips of petals as a stripe. Plant from September to February. \$1.00 each.

Hemerocallis (Double Orange)—Height 50 inches. A beautiful double flowered day lily. Gorgeous orange colored flowers that last two days on the plant as against one of ordinary varieties. Hard to beat. 35c each; 3 for \$1.00.

Hemerocallis "Hyperion"—One of the newer Day Lillies. Produces flowers of richest citron yellow and of largest size. Highly rated and desirable. 75c each.

Angelonia Grandiflora—A perennial from South America. Blooms throughout the entire summer and fall and into the winter in mild climates. Flowers are lavender blue and very fragrant. These are produced on long racemes. The plant grows to a height of 3 feet. Strong plants at 50c each. Prepaid.

Perfect Border Plant

Nierembergia Caerulea "Blue Cup Flower" New perennial. Will outbloom lantana. Ideal for borders growing only 5-6 inch tall with a spread of 8-10 inches. Starts blooming in mid-spring and continues until frost. At all times neat and tidy in appearance. Strain we offer is grown from cuttings and is of a uniform height and deep lavender blue in color with a yellow throat. Should be planted in sun or partial shade. Do not cultivate. 10c each. \$1.00 per dozen. Splendid for perennial borders or use in rock gardens. Not perennial where temperatures drop below 10°.

Forsythia spectabilis—Hardest of all Forsythia. Profuse bloomer excellent for marginal or group planting. Showiest of all varieties. Rich yellow flowers. 3 to 4 feet at \$1.00; 2 to 3 feet at 75 cents. Prepaid.

"Gigantea"

(See Above Photo)

The largest flowered Shasta daisy I have ever grown. Blooms well over 6 inches in diameter produced over the entire season. Semi-double in form. Possesses great substance and the most outstanding keeper of all, when cut, keeping almost two weeks. Stems strong and erect. *Wonderful new variety.* 50c each; \$3.00 per dozen.

"Lacinatus"

Shasta Daisy (close view) showing petal arrangement. See photo on right showing field grown plants of this beautiful new Shasta daisy. Also see description below photo on right.

"Lacinatus"

New Shasta Hybrid. A very beautiful new lacinated daisy. Large 4-inch flowers that carry a large number of petals, the ends of which are finely cut. Plants are vigorous, growing to 3 feet in height and bloom over a long period. Excellent cut flower. The best of its type ever grown. Divisions from original plant 50c each; \$3.00 per 12. Not less than 12 at this rate.

"Sun-Ray" Shasta—Flowers 5 inches in diameter. Larger than Lacinatus and of similar form except the bottom row of petals are flat. A very beautiful new form of Shasta hybrid. 50c each; \$3.00 per doz. One of my personal favorites.

SPECIAL COLLECTION

Special collection of above varieties one each \$1.75 prepaid. Value purchased separately, \$2.25. Five varieties included in collection.

Shasta Daisy "Chiffon"—The original fringed shasta daisy introduced by Burbank almost 50 years ago. Small 2 inch flowers produced continuously on dwarf plants not exceeding 15 inches in height. Fine for cut flowers and borders. \$1.50 per dozen. 25c each.

Lawn Substitute

Thymus coccineus (Crimson Thyme)—Dense evergreen carpet completely covered in Spring with crimson flowers, making a solid mat of red. Makes a beautiful edging plant. Gaining in favor as a lawn substitute. Does not require mowing. Crowds out obnoxious weeds. Plant 12 to 18 inches apart each way. 15 cents each; 12 for \$1.50; \$8.50 per 100. White flowered form at same price. Does not require much watering. Prepaid.

Unusual Violets

Violet Rosina—A beautiful deep pink violet that is unexcelled for fragrance. Fast grower and extremely desirable as it blooms early and continues over long season. \$1.50 per dozen. 15c each.

Violet Double English—A very beautiful deep blue and quite rare. 25c each.

New Chrysanthemums

(See Above Photo)

"Gabriel's Trumpet" (McCore)—Unusually fine single hardy garden mum. Petals tubular expanding near tip to a soft shade of Chinese scarlet from a silver buff. One of the most unusual mums ever introduced.

Mrs. J. Willis Martin—Crushed strawberry color. Early and very popular variety.

Margaret Walte—Finest variety for late blooming. Withstands rain and frost well. Stems may be cut 24-30 inches long. Color deep sparkling rose pink. Semi-double. Has no equal for lasting quality and cutting. Possesses rich, spicy fragrance.

Ira K. Skiff—Golden bronze, large semi-double and very early. Attracts attention in any garden.

Dream—New pom-pom. Very double perfect flowers, bright clear rose-pink in color. Very graceful in the garden.

Indian Chief—New clear scarlet. Reverse of petals old gold. Wonderful new color combination.

25c each, \$1.50 per dozen on all above varieties of chrysanthemums.

"Snow Queen"—Shasta Daisy Hybrid. Flower lovers who saw this last year were amazed at the size and abundance of bloom of this variety. Large blooms on long stems 3 feet in length. Semi-double. Individual petals very wide. 25c each, \$1.50 per dozen. A greatly improved Alaska daisy.

"Supreme"—New Shasta Hybrid. Flowers 4 inches in diameter. Possesses 14 distinct layers of petals which when fully developed make the flower 3 inches in depth. It resembles a pure white zinnia. Grows to height of 30 inches. Good bloomer and excellent cut flower. 50c each.

The above new daisies represent many years of hybridization and selection, requiring the growing of many thousands of individuals. They are superior to any offered elsewhere and will easily replace all older varieties when they are better known.

Shasta Marconi—A very large double frilled Shasta produced on long stems with flowers up to six inches in diameter on good strong stems. 50c each. This flower resembles a white aster.

New Shasta Daisy "Esther Reed"—An English variety that is fully double and well worth while. Unusually beautiful and exceptionally free of bloom. You will be more than pleased with this variety. 75c each.

New Everblooming Chrysanthemum—Unlike the regular chrysanthemum type that blooms only once yearly, this produces a full crop of flowers in the late spring, and also a second crop in the fall. Flowers about 3 inches in diameter. Color rose pink, on stems 18 inches long. 50c each; \$2.50 per 12.

New "Princeton" Chrysanthemum—Splendid upright grower with foliage that turns a glorious red and bronze color in the fall. Color of flowers is unusual and very new; a rich calendula orange. Flowers 2½ inches across; very double on perfect stems. A splendid addition to hardy chrysanthemum groups. 25c each; \$1.50 per dozen.

(The above picture is a reproduction from a painting)

A NEW INTRODUCTION SCARLET WISTERIA TREE

One of the most beautiful of all small deciduous trees from South Africa. Rarely exceeding six feet in height and in bloom practically all summer, the long weeping branches with fern-like foliage, are literally covered with drooping clusters of brilliant tango-red, pea-shaped blossoms. The clusters are similar to wisteria in shape, and average five inches in length. Very showy when in bloom. Perfectly hardy in any climate. An introduction that is both rare and beautiful. Small trees, 36-48 inch, \$1.50 each. Larger trees 4 to 5 feet high, \$2.00 each. All trees will bloom the first year. Prepaid. Flowers shaped like locust blooms. Plant in full sun and do not cultivate in summer. Good drainage.

NEW GENERIC HYBRID

Fatshedera—A very unusual hybrid between an English Ivy and an Aralia (small tree). Large beautiful leaves that are colored in the winter months. A marvelous climber for pillars. Highly recommended. 15' plants @ \$1.50 each.

Hardy Evergreen Azalea

Azalea hlnodeglra—Most easily grown of all evergreen Azaleas producing bright red blossoms in such profusion as to cover entire plant. Blooms last longer in good condition on plant than any other type of Azalea. Grows to 3 feet. Larger, balled 12 to 15 inches \$2.00; 4 inch pot at 75 cents. Not Prepaid.

Cytissus Newreyensis — A selected form of the Paradise Broom. Enormous flowers 1 inch in diameter in red and yellow. Evergreen shrub to 5 feet. 75c each.

DWARF LANTANA

New Dwarf Red Lantana—Bright red in color. A selected form. The brightest red of them all. 25c each; \$2.00 per dozen. Does not exceed 28 inches in height.

FOR SHADE

Clerodendron fallax—Glory Bower or Cashmere Bouquet. A robust growing, all summer flowering shrub producing large hydrangea like heads of flowers over the entire summer. Flowers deep rose pink very fragrant. One of the best plants for flowering in shady places. Strong roots, \$1.00 each; medium at 75c each. Prepaid.

Philadelphus "Virginal" — Semi-double flowers. Pure white very fragrant. Blooms larger than any other variety. Blooms intermittently all summer. 2 to 3 feet, 75c Prepaid.

Evergreen Trees

Magnolia Grandiflora—A selected form of the southern evergreen magnolia flowering while quite young. A splendid evergreen tree. 30-36 inch trees, \$1.50 each. Not prepaid. Larger not prepaid 5-6 feet at \$3.50.

Tulip Tree

Liriodendron tulipifera (Tulip Tree)—A columnar or broadly pyramidal tree to 100 feet high. Leaves broadly oval or saddle shaped, tip blunt and deeply notched. Flowers showy tulip or lily like 2½ inches broad, white with an orange band at the base. A magnificent shade tree or lawn specimen. 4 to 5 ft. \$1.75. 30-36 inch at \$1.00. Prepaid.

Flowering Deciduous Shrubs

Glant Fragrant Lilac—Flowers produced in masses on terminal racemes. Latter sometimes over 30 inches long. Single lavender flowers. Very fragrant and never fails to bloom each year. By far the finest of all lilac types for California conditions. Clusters of flowers about 4 inches in diameter at base tapering to a point at tip. Height 8 feet. Large \$1.00 each.

Ceratostigma—Dwarf shrub (30 inch height) completely covered during the summer with vivid rich blue flowers. One of the most beautiful flowering shrubs known. Plant in part shade or full sun. 35c each. Prepaid.

Rosa Xanthina—A semi-double bright yellow flowered shrub rose. Height to 6 feet. Very handsome and very worthy of trial by gardeners who desire masses of color. \$1.00 each. Strong plants.

Evergreen Flowering Shrubs

Cistus Purpureus—An excellent summer flowering evergreen shrub producing over several months mallow-pink ruffled flowers with centers of dark red. Prefers a semi-dry location with good drainage. 75c each.

Hypericum Henryll—A splendid shrub for partial shade growing to 4 feet in height producing its 2 inch blooms of golden yellow through out the entire summer. Very hardy and one of the best of all sub-shrubs. 75 cents gallon cans. Not prepaid. 15 to 24 inches.

Osmanthus aurantica fragrans—A fine hardy evergreen shrub producing quantities of deep gold flowers. Has extremely fine fragrance. Grows to height of six feet. Should be in the home garden as it blooms during the fall when most flowering shrubs are out of season. 30 inch plants at \$1.50 each.

Wonder Plant

Xerophyllum Tenax—Bear Grass. A most beautiful plant with beautiful grass-like foliage. (dark green). Has white flowers produced in racemes often 4 feet long on stems 6 feet high in early summer. Very fragrant. A plant in full bloom is an unforgettable sight. Grow in partial shade with good drainage for best results. Evergreen. Belongs to the lily family. Balled plants 12"-15" \$1.50 each. One of the world's most attractive and unusual flowering plants. Not prepaid.

Evergreen Shrubs with Showy Red Berries

Aucuba Laurifolia—Beautiful new selected variety. A perfect shrub for shady location. Height 4 feet. Deep lustrous green foliage with leaves about 8 inches long. Produces in winter large clusters of bright red berries. Individual berries $\frac{1}{2}$ to $\frac{3}{4}$ inch long. 30-36 inch at \$2.75. Not Prepaid.

Daphnes

Daphne Cneorum—Dwarf species for rock gardens. Needs afternoon shade and no cultivation. Attractive pink flowers in clusters in early spring. Very fragrant. Strong plants. 75c each.

Daphne odora marginata—Winter flowering hardy shrub for a shaded or partly shaded location. Pink flowers in clusters, very fragrant. Needs perfect drainage and no cultivation. 75 cents. Prepaid.

Rhododendron

Rhododendron Hybrids—Start a fine collection of this beautiful flower. Strong 3 year old stock. 75 cents each, prepaid. Mixed colors.

Rosa Hugonis
(See Above Photo)

Golden shrub rose of China. The long graceful branches with fern-like leaves are covered in early spring with wreaths of fragrant yellow flowers. Plant as a shrub for color effect. Grows 4-5 feet high. Strong plants, \$1.00 each. Medium sized plants 75c.

Rosa Bicolor—A shrub growing 4-5 feet high. Blooms from early spring to summer. Flowers are single $2\frac{1}{2}$ -3 inches across and are the richest coppery scarlet I have ever seen in any flower. A cluster of golden stamens enhances the beauty. Reverse of petals are gold. Strong plants \$1.00 each.

NEW CORAL SHRUB

(Illustrated in Color Above)

Handsome shrub blooming throughout the summer months. Creates a sensation when in bloom. Flowers are borne in huge panicles ranging from $2\frac{1}{2}$ feet long and about 8 inches across. Color is scarlet enhanced by a center zone of jet black. Grows to height of about 6 feet. Very graceful. One of the most beautiful and spectacular of all shrubs. Withstands temperatures as low as 10 degrees above zero. Strong roots for \$1.00. An excellent plant for a tub in the eastern states.

RARE FLOWERING BROOM

Cytissus purpureus—A dwarf shrub growing to 18 inches and bearing attractive orchid flowers. New and decidedly different among brooms. 6 to 8 inches at 50 cents. Prepaid.

Dianthus Gigantea—Evergreen shrub (5 feet) producing over many months, lilac pink flowers of true Dianthus form. A very rare species and highly recommended. Excellent for cutting. 50c each.

A Hardy Gardenia

Gardenia "Mystery"—A selected form of the Cape Jasmine flowers much larger and adapted to outdoor culture. Easily grown, flowering all summer. By far the best of all gardenias for garden use. 18-24 inches gal. cans at \$1.00. Balled 18-24 inch at \$2.50. 12-15 inch at 50c. Not prepaid.

Teucrium chamaedrys—A beautiful evergreen rock plant. Reaches a height of 12 inches and is a bouquet of pink bloom all summer. Extremely hardy, holding its bright glossy green color in coldest weather. Foliage fragrant and will add beauty wherever low blossoming plants are desired. Without peer as a rockery or border plant. Drought resistant. Shear after blossoming. 6 to 8 inches at 25 cents.

White Hardy Hibiscus

Single White Althea—A very large flowered form producing $3\frac{1}{2}$ pure white semi-ruffled flowers over a long season. (June-October.) Absolutely hardy and a very fine plant. 30-36 inch at \$1.50 each.
Chinese Dwarf Lemon—A unique variety not exceeding 7 feet. Produces enormous quantities of fine well-flavored fruit. Excellent where space is at a premium. 75c. Balled plants 18-24" at \$2.00. Not prepaid.

NEW ROSES FOR 1940-41

New Baby Rose "Snow White"—One of the most unusual roses ever grown. Producing miniature perfect flowers with buds about 1½ to 2 inches long. Very double flowers with 32 to 36 petals. Buds long tapering and pointed similar to Lulu in form but much more double. Flowers possesses a most unusual lemon fragrance. A sport of the famous Talisman rose. A perfect flower produced over entire summer. \$2.00 each.

New Everblooming Bush Belle of Portugal—(Wm. H. Henderson's Originations) A distinct new sport from the well-known climber producing over the entire rose season. The flowers are borne singly on long stems, frequently 30 inches long. Color is a soft rose-pink shaded with salmon. Has the same fragrance as its parent. As vigorous as the President Hoover. \$1.00 each.

Miss Barbara—Bush polyantha. Ever-blooming habit. Flowers and buds similar in form to Cecile Bruner. Color coral-red shaded yellow. \$1.00.

Scarlet Bedder—Beautiful long pointed buds on long stems. Very prolific. 75c each.

"Camellia" Rose (Henderson)—Silver-pink and lighter towards center. Fine leathery petals. Bush almost thornless. Petals imbricated similar to a camellia. Long stems. As a cut flower lasts longer than any other rose we grow. \$1.00.

Bush Roses

Mary Hart—The best of all patented red varieties. It is a true copperish red. Identical in form to its Talisman parent. \$1.00.

Mme. Joseph Perraud—Has perfect long buds opening into huge flowers. Color is a delicate salmon. Strong grower. 75c each.

Countess Vandal—Long buds with rich blend of pink, copper and gold, produced on long stiff stems. \$1.00 each.

Matador—Large full well-formed scarlet crimson with darker reverse. Very fragrant and vigorous. Splendid new dark red. \$1.25 each.

Victoria Harrington—Pointed buds of dark red opening to splendidly formed flowers of non-fading velvety dark red. Color is held until petals fall. Spicy and intense fragrance. Strong grower. 75c each.

Ville de Paris—Lasting sun flower yellow; deeper at center and base. Flowers well-shaped; double buds and flowers. 75c each.

Red Hoover—An intensified sport of President Hoover rose. Red shades predominating. 75c each.

Lula—Beautifully formed buds of coral rose. Best formed of all bud roses. 50c.

Mme. Paul Ollivary—Coppery salmon; long well-shaped buds. 75c each.

Mrs. Sam McGrady—Very attractive; coppery orange flushed red. 75c each.

President Hoover—Medium, orange shaded cerise. Fine stems. Perfect buds. 50c.

Talisman—Vigorous upright; rich golden yellow and scarlet combination. 50c each.

Wilhelm Kordes—Deep golden yellow with copper and red tints. Beautiful. 50c each.

Bush Roses

White Killarney—Large white and intensely fragrant, each 50c.

Alezane—Bud urn shaped, large reddish brown opening to sorrel, unfurling from sorrel to rich apricot. Vigorous. Dark green foliage. A striking novelty. \$1.25 each.

McGredy's Triumph—Large pointed bud cerise over shadowed orange opens to brilliant pink and cerise overlaid amber toning to a wide yellow center. Vigorous. \$1.50 each.

Eclipse—A splendid heat resiting yellow bush rose. Buds very beautiful and produced on long stems. \$1.50 each.

Condessa de Sastago—Copper and yellow. Richest colored rose ever produced. 75c.

Wm. F. Dreer—The most beautiful of all apricot and pink combinations, fine buds 50c each.

Lord Charlemont—A fine deep red of fine substance. 50c each.

E. G. Hill—Large lasting scarlet, shading deeper as they develop. 50c each.

Roses—Climbers

Climbing Golden Emblem—Same rich yellow as bush variety. 75c each.

Climbing Talisman—Climbing sport of new multi-colored bush variety. Wonderful. 75c each.

Climbing President Hoover—Similar to bush in color, very vigorous. 75c each.

French Hybrid Tea—Climber. Color darkest of all red roses; deep scarlet overlaid and tipped black. Fine form. Has the appearance of a full double camellia bloom. Fragrance wonderful wine-like aroma. Unlike any other rose. A splendid fall bloomer. \$1.00 each.

Climbing Lord Charlemont—Velvet red. Unusually beautiful. 75c each.

Mermald—Foliage is perfect as it is mildew proof. Blooms all summer. Has single cream yellow flowers. 50c each.

Spanish Beauty—Spring bloomer. Flesh pink with reverse of petals carmine. 75c each.

Cl. Pres. Hoover—Cerise buff and salmon. 75c each.

Cl. Cecile Brunner—Very fast grower. Baby rose. Flesh pink in color. Old favorite 50c each.

Cl. Caladonia—Best of all pure white roses. Everblooming. 75c each.

Cl. Camellia—Silver pink. Camellia-like flowers. Blooms all summer. 75c each.

Cl. Dainty Bess—Single ruffled orchid-pink (wine colored stamens). 75c each.

Cl. E. G. Hill—Gorgous true medium red. Very spectacular. 75c each.

Cl. Erlola de Holland—Fine deep red. Extra fine. 75c each.

Cl. Mary Hart—Copper blood red Talisman. (Extra fine.) \$1.00 each.

Cherokee Ramona—Red. Beautiful variety—spring bloomer. 75c each.

Cl. Countess Vandal—Opalescent pink and delicate salmon. \$1.00 each.

Marschal Niel—Perfect foliage and very long season of bloom. Yellow flowers. An old favorite. 75c each.

Sweetbrier—Foliage is sweetly scented. Old favorite. 75c each.

Burbank's "Corona" Rose—A vigorous climbing polyantha producing an abundance of appleblossom pink flowers with lighter centers in enormous clusters.

This rose occupied a conspicuous place on Luther Burbank's home for many years and was a great favorite of his. \$1 each prepaid.

New Everblooming Evergreen Shrub Rose "Sierra Snowstorm"

A very beautiful new variety being introduced for the first time. The bridal wreath-like branches are covered with masses of intensely fragrant single white flowers. Thornless and grows to 5 feet. Blooms all season until frost. \$1.00

Polyanthas or "Baby" Roses

Chattillon Rose—A magnificent large clustered Polyanthus Rose. Color is wild-rose pink with white centers. Height to 30 inches. Extra profuse bloomer and unexcelled for all summer display of mass color. Very popular. 50c each.

Cecile Brunner—Dainty clear pink with yellow center. 50c each.

Tip-Top—Dainty flowers Cecil Brunner shaped; yellow and white tipped rose. 50c.

"Rainbow Rose"—A now rare old favorite. Large flowers of soft rose striped with deeper rose. An unusual color combination that is hard to describe. An occasional petal is pure deep rose. \$1.00 each.

ALL ROSES PREPAID

ROSE SPECIALS

All 50c varieties will be supplied at 3 for \$1.00. All other varieties are priced net. California customers add 3% for State Sales Tax.

W. H. Henderson's New

Rhubarb "Giant Hybrid"

—Largest stalks and leaves of any known variety. Possesses a rich berry flavor and is a great improvement over older varieties. Sweetest of all rhubarbs; requires but half the amount of sugar generally used in cooking other varieties. Stalks 1½ inch thick and 2-3 feet long. Divisions 75c each.

New Asparagus "Quality"

—All growers are unanimous in their praise for this tender deliciously flavored, productive asparagus. By all means the finest variety ever offered for home gardeners. Pkt., 52c; ounce, 75c.

SEEDLESS MUSCATS

Announcing New Grape Varieties—After many years of hybridization and selection, requiring the testing of thousands of hybrids my efforts to develop a seedless grape possessing the flavor of the muscat have been successful. (All stock reserved for propagation). Announcement of introduction will be made as soon as sufficient stock is available for **large distribution**.

No. 28—Medium large berries—firm flesh, ripening 10 days earlier than Thompson's seedless. Rich muscat flavor. Bunches well set; wide shoulders; good shipper. Absolutely seedless. Clear yellow berries. **Not for sale in 1940.**

No. 23—Strong distinct muscat flavor with firm flesh. Seedless medium sized bunches. Bears 2 distinct crops. Very early, 10 days earlier than Thompson seedless. **Not for sale in 1940.**

No. 210—Berries very large, 1¾ inches long; looks exactly like a girdled Thompson only 3 times larger. Flavor very fine. Should make an excellent home grape or table grape. Long loose bunches. Flesh firm. 1 or 2 seeds per berry. Bunches very long. Mid-season bearer. Very firm flesh. Yellowish when ripe. Very beautiful bunches. \$1.00 each.

WM. H. HENDERSON'S NEW "CRIMSON GIANT" CHARD

A cross between the sweet sugar beet and Swiss chard. The leaves are as deeply crimped and pitted as a Savory cabbage. Nothing in the garden can be as easily raised and no other vegetable produces such a large and continuous supply of delicious and healthful succulent food.

Very beautiful and highly ornamental in the garden. Visitors to my gardens are enthusiastic in praise of its value as an ornamental plant. It is more delicious than the beet garden spinach. The leaves of this new "Crimson Giant" are of a rich dark green color, often 24 inches long and are crisp and tender. The leaf stalks are also very edible, and should be cooked with the leaves. The stalks are rich crimson in color, and average 2 feet in length. The plant reminds one of a well-grown rhubarb. The color is retained if cooked over a quick fire about twenty minutes, 50c per packet; \$2.50 an ounce.

Exhibited at Treasure Island last season. Caused much comment.

Burbank Tomato....

Fruit crimson red; medium size with thick solid meat. It is an unusually heavy and continuous bearer. This tomato has one highly convenient quality in that the skin peels freely from the rich firm flesh. The finest tomato in quality. Pkts., 20c; 3 for 50c; \$1.00 per ounce. Earliest of all tomatoes.

Kumquat — Small ornamental growing to 6 feet. Hardy citrus. Produces hundreds of fruits vivid orange very useful for marmalade and garden ornament. \$2.50. 2-year old trees available. Not prepaid.

NEW FRUITS

New Nectarine "California Gold"—A Hybrid between a Muir Peach and a white Nectarine. Possesses rich yellow flesh and a flavor unequalled by any other variety of stone fruit. Has firm flesh, but very juicy. Perfectly smooth skin that is crimson blushed yellow. I recommend it as a new fruit possessing unusual qualities. Not as tart as most nectarines, but much sweeter. Young trees one-year stock \$1.50 each. Stand shipping better than the ordinary nectarine due to the firmness of its flesh.

Flowering Kale — Beautiful foliage plants that are highly colored and with ruffled and fringed leaves. Colors include cream, white, cerise, rose and purple. Easily grown anywhere. Seed 25c per package.

Henderson's White Dahlia

Single bloom showing form on left. Field view below showing a plant 8 months old from a rooted cutting.

Rooted cuttings are highly recommended and will give excellent blooms as quickly as tubers. At end of season bulbs will have formed for the following year's stock.

HENDERSON'S WHITE DAHLIA

This new variety, illustrated above, has proven itself to be the most beautiful, the most distinct in form and the most prolific bloomer of any dahlia. Most people seeing this wonderful dahlia, for the first time, are likely to confuse it with the largest of the Japanese chrysanthemums. Only upon close inspection of the foliage can it be distinguished. Sixty flowers were picked from one plant during the past season. None of the blooms were less than eight inches in diameter and frequently twelve; stems averaging three to five feet in length. Stems absolutely rigid. An excellent keeper surpassing the famous variety "Jersey Beauty" in that quality. Color is pure white, with a cream yellow center. Price \$1.00 each; three for \$2.50.

NEW SUPERIOR AZALEAS

Fine assortment of the famous varieties that make Mobile, Alabama, the azalea city of the United States. Perfectly hardy and evergreen where temperatures do not fall below 10 degrees above zero. All varieties are 12-18 inches in height and are \$1.50 each. Not prepaid.

Azalea Indica Rosea—Fast growing producing large single white flowers tinted rose.
Azalea Pink Pearl—Large size flowers. Very beautiful salmon-rose color. Very fine variety.

Azalea Pride of Mobile—Large watermelon pink flowers of brilliant hue. Fine variety and profuse bloomer.

Azalea Salmon—Daphne salmon. Medium sized flowers. Fine variety.

Azalea Violacea Rubra—Deep wine red flowers with dark green leaves.

Azalea Vitata Fortunei—Fast grower. White and variegated light lavender. These are intermingled on some of the plants. Prolific bloomer.

Azalea Wm. Bull—Hardy upright grower. Double orange red flowers. Lasting in bloom over a long season.

Azalea Criterion—Compact grower. Color of strawberry ice cream streaked with deep pink and with margin of white. Late bloomer and unusually attractive. 12-18" in height.

DAHLIAS

NEW VARIETIES

Garden of the Sun—Enormous, formal, decorative. Stems rigid, pure vivid golden yellow. Rooted cuttings only. \$1.50 each. Height 4 feet.

"Little Jewel"—A miniature decorative, of flesh pink. One of the most beautiful of all small dahlias. Highly effective for bouquets. Without doubt the most exquisite of all pink dahlias, possessing a color unique in this family. 25c each; \$2.50 per dozen.

Write for special Quotations on larger quantities of dahlias. We are well equipped to give you near wholesale prices on 25 or more bulbs.

Azalea duc de Rohan—Compact grower. Profuse bloomer of beautiful salmon colored flowers. Has small leaves.

Azalea Flag of Truce—Good sized double flowers having ruffled edges. Compact grower. 12-18 inches.

Azalea Formosa—Very fast grower. Has dark green leaves and large deep lavender flowers. 12-18 inches.

Azalea Geo. Franc.—Early bloomer with extra large flowers of salmon pink with red throat. Very showy.

Azalea indica alba—Upright grower with large pure white flowers in mid season. Very hardy.

Trees with Colored Autumn Foliage

Euonymus Europaeus—(Flame Tree) small 15 feet in height. This tree colors so vividly in the fall and winter that leaves resemble poinsettia petals. In addition, it bears such an abundant crop of crimson rose pods as to almost cover the tree. Later these pods burst, showing orange colored seeds. Very hardy (resistant to drought) and one of the most spectacular of all trees. \$1.50 prepaid.

Liquidamber—(Deciduous) Tree growing to 60 feet. Symmetrical habit with maple-like lustrous leaves assuming a deep crimson color in autumn. Free from insects and diseases. 4-5 feet. \$1.50 each. Smaller size \$1.00. Prepaid.

Henderson's New Giant Single Pink Althea

New Giant Single Pink Althea—Excellent new variety with flowers fully 5 inches in diameter. Beautiful rose colored blooms. Prolific bloomer; produced from June until October. \$1.00 each.

Lilium Species

Lilium Tigrinum "Flore Pieno"—(Illustrated in color on 00 page)—A double flowered Tiger Lily of remarkable beauty. The addition of more petals makes this superb variety far more graceful and interesting besides being a stronger grower, and a much better keeper when cut. Very easily grown in part shade. Height 5 feet. You will enjoy this rare and beautiful lily. Bulbs \$1.50 per dozen or 25c each.

Lilium Tigrinum (Tiger Lily)—Grows 4-5 feet high. Large 5 inch flowers of a beautiful orange red color with black dots. Tips of petals recurved. \$1.00 per dozen; 10c each.

Lilium Elegans—Grows to 2 feet in height. Flowers erect, and nearly 6 inches across. Orange-red spotted with black. A splendid showy lily adapted to the foreground of the border or rock garden. \$1.00 per dozen or 10c each.

Lilium Henryi—(The orange speciosum) Large orange yellow flowers on stems 4-6 ft. high. Plant 6 inches deep in shade or partial shade. One of the most beautiful of all lilies and very easily grown. 20c each, \$2.00 per dozen.

Lilium Philippinense Formosanum—(Pure white variety)—Snow white fragrant flowers up to 6 inches long on 48 inch stems. Plant 5-6 inches deep. They prefer partial shade. One of the most easily grown of all lilies. 15c each; \$1.50 for 12.

Lilium Regale (Royal Lily)—4-5 feet high. Large flowers with diameter of 6 inches. They are pure white suffused with primrose yellow in throat and outside of petals suffused with purple. Very easily grown type and exceedingly beautiful. \$2.00 per dozen or 20c each.

Lilium Sulphureum—Sulphur yellow flowers that blend with any other flower in the garden. Blooms late-August and September. Large trumpet shaped flowers and they are fragrant. Height 4-5 feet. Plant 8 inches deep and surround bulbs with coarse sand. \$1.00 each.

Rare Oriental Spring Blooming Magnolias (See Above Photo)

Among the most beautiful flowering trees in the world. These deciduous magnolias bloom in the spring before the foliage appears. Most of them are perfectly hardy throughout the United States.

Magnolia macrophylla—A round headed tree to 25 feet. Young growth wooly. Leaves very large oval to oblong from 18 inches to 3 feet in length. Flowering with unfolding of leaves, flowers cup shaped. Creamy white very fragrant 10 to 12 inches across, petals purplish at base. Petals reflexed. Rose colored fruit in fall. A most unusual tree and very striking in its beauty. \$2.00 each. Prepaid.

Magnolia Kobus—A fast growing tree to 30 feet. Leaves 6 inches long. Flowering before leaves. Flowers 5 inches in diameter lily shaped white petals 6 to 9. A very beautiful deciduous flowering tree. Flowers fragrant, 30 to 36 inches high. \$1.50.

Magnolia Rustica Rubra—New introduction to America. Extra large cup shaped flowers of dark reddish purple. Small 18-24 inch tree. \$2.00 each. Prepaid.

Pink Flowering Acacia—One of the most graceful of deciduous trees. Hardy as far north as Washington, D. C. The long finely cut fern-like leaves are often 2-feet in length. Blooms most of the summer. Flowers lavender pink and form in large terminal heads. Trees grow 30 feet. Vigorous young trees. \$1.00 each.

Perennials

Hardy perennials comprise some of the most useful flowering plants for the border. Requiring a minimum of care and thriving with great vigor. Many have basal evergreen winter foliage which makes them unusually suited to places where both flowers and ground coverage are essential.

Chrysanthemum erubescens—A newly introduced species that is in bloom all summer. Flowers about 2½ inches across and are a very beautiful soft pink. Plant grows to height of 24 inches. Foliage decorative and very hardy. 25c each. \$2.00 dozen.

Magnolia Lilliflora—Lily Magnolia. Flowers, 4 to 5 inches long—purple outside and lavender within. Blooms remain cupped similar to a tulip in form. 24-30 inch, at \$1.00. Very hardy.

Magnolia Stellata—(Star Magnolia)—Small, spreading tree that blooms very early. Very fragrant pinkish white flowers that are 3 inches in diameter. These flower masses are most beautiful on this very rare Chinese magnolia. 15 to 18 inches. \$1.00 prepaid.

Magnolia Soulangeana Alexandrina—Small tree with large 8 inch blooms of deepest rose. 18-24 inch \$1.00 each, prepaid.

Magnolia Glauca—Sweet Bay—A small evergreen tree. Flowers 3 inches in diameter appearing with the leaves. Very fragrant. 3-foot trees \$2.25 each.

Magnolia Lennel—Large flower, attaining diameter of 8 inches. Petals broad and rounded. Color-outside deep crimson and inside nearly white. Unusually fragrant. Blooms ten days later than Soulangeana. Leaves 12 inches long and 8 inches wide. Plant in full sun or partial shade. 18 inches to 24 inches in height. \$2.00 each prepaid.

Magnolia Soulangeana Nigra—Pyramidal and very attractive tree (medium size). Very fragrant. Seven-inch flowers of dark purple that blooms recurrently from March to the end of the summer. 18 inch \$1.00 each. Prepaid.

Magnolia Fuscata

Banana Shrub—A fine evergreen shrub easily grown. Grows to five feet producing in spring myriads of yellow flowers edged cerise that emit an unusually fine fragrance. (like a ripe banana.) 1 Gal. cans at \$1.25 balled 18-24 inches at \$3.00. Not prepaid.

Campanula Pyramidalis—One of the most attractive plants of the campanula family. Grows to 5-6 feet and produced on long racemes about 3 feet long. These are massed with bell flowers of pure white and lavender blue. Created sensation at the World's Fair last summer. Very showy and easily grown. 2 year roots at 35c each.

Platycodon Hybrids—Japanese Bell Flowers. Very hardy perennial growing to four feet and producing through the summer magnificent large campanula-like bell flowers in dark blue, pure white and medium blue. Plant in partial shade. 35c each.

Malus Eleyii

(See Above Photo)

A new and startling hybrid. Branchy and fast growing trees. Foliage in early spring a brilliant red that gradually turns to bronze. Reddest of all crabapples. Single dark red blooms; very prolific and produces masses of bright red fruits about the size of large cherries. Very novel and highly ornamental. Large trees 4-6 feet @ \$2.00 each. 36-inch trees for \$1.00 each.

NOTE—The beauty and colorfulness of this tree over a long season cannot be overestimated. It produces masses of dark velvety red flowers followed by darkest red foliage that it retains until quite late in the season. It is covered for months of the fall by scarlet apples in clusters reminding one of bunches of ripe cherries.

Hydrangea Quercifolia (Oak Leaved Hydrangea)—Shrub to 6 feet high. Produces in spring enormous panicles 6 inches wide. 10 to 12 inches long of cream-yellow flowers. Foliage large and attractive, turns yellow and scarlet in the fall. Will stand full sun. One of the finest of all flowering shrubs. \$1.00 each. Very hardy. Prepaid.

Calycanthus florida—(Spice Bush or Sweet Shrub.) A very hardy deciduous shrub producing in late spring very double dark red flowers that have the fragrance of strawberries. Does well in either full sun or all shade. Foliage large and attractive. 3 to 4 feet, 75 cents each; 4 to 5 feet, \$1.00. Prepaid.

Rose Locust (Robinia Hispidia)

Small tree growing to 15 feet. Produces a perfect mass of orchid pink clusters about 5 inches in length in early spring. These resemble Wisteria clusters. It flowers continually till July. Very striking and quite rare. Grafted trees for \$1.50. Prepaid.

Malus Arnoldiania

(See Above Photo)

Flowering Crabapple. Shrub about 5 ft. in height. Long weeping branches resembling a Spirea Van Houttii. Flowers in masses. Buds are bright rose red opening to a light pink shade. The effect of two colors on the bush is very beautiful. This is one of the rarest of all flowering crabapples and is highly recommended. 3-4 feet. \$1.50 each.

Hawthorn "Paul's Scarlet"—The best of all flowering hawthorn varieties. A medium sized tree to 20 feet. Too well known to need a description. 5 to 6 feet, 2 year branched \$2.00. Not prepaid. 4-5 feet whips, \$1.00. Prepaid.

Crateagus cordata "Washington Hawthorn"—A small tree to 15 feet. Large white flowers in masses in the spring, followed in late summer and fall by large clusters of Pyracantha like berries of deep red. Foliage assumes wonderful autumnal tints of yellow-gold bronze and red. A beautiful tree. 4 to 5 feet, \$1.75. Prepaid.

Tamarix—Summer blooming type. Feathery foliage. Blooms throughout the entire summer producing quantities of lilac-pink flowers resembling Lily of the Valley. Very rapidly growing tree and succeeding well with little or no care. 50c.

Flowering Evergreen Trees in Blue

Henderson's Hybrid-California Evergreen Lilac—Hybrid form. A beautiful tree or large shrub that is covered throughout early spring with enormous clusters of sky-blue flowers. Clusters at times measure 14 inches in diameter, and 18 inches long. Well established in gallon cans, \$1.00 each. Very rapid grower. Not prepaid.

Selected Blue Ceonothus—Richest blue evergreen lilac. Blooms throughout summer months. Very showy. Thrives well in hot dry locations. One of our most beautiful flowering native shrubs. \$1.00 each. (gal. cans). Not prepaid.

DAVIDIA INVOLUCRATA—"THE DOVE TREE"

(China)

One of the world's most beautiful flowering trees. A very rare, handsome tree with large, attractive bright green foliage of pyramidal habit. An object of striking beauty when studded with the very large creamy white flowers. Floral petals seven to eight inches long and four to five inches broad. The flowers are pendulous on fairly long stalks and when stirred by the slightest breeze they resemble huge butterflies or small doves hovering among the trees. The most interesting and most beautiful of all trees. Perfectly hardy where temperature does not fall below zero. Requires good drainage. No cultivation. 12-18 inches, \$7.00; 24-30 inches, \$10.00.

New Sweet Corn "Abundance"

This new sweet corn was first offered to the public in 1930. Reports from various sections throughout the country are very enthusiastic in its praise. After selecting and inbreeding the familiar Golden Bantam sweet corn for many years, the variety "Abundance" was produced. It is fully twice as productive as its parent, bearing 14-16 rows of kernels to each ear. The kernels are unusually large, and cobs are small. It is an early variety, and can be grown successfully where other varieties fail. 25c packet; 50c per pound; 10 pound lots at 35c per pound.

Dwarf Evergreen Hedge

Euonymus microphylla—A dwarf variety with small dark green foliage. Fast grower and very hardy. Makes a fine dwarf hedge for edging purposes. Plant a foot apart for best results. Strong plants, 5 cents, each or \$3.50 per 100. Prepaid.

New Dwarf Oleander. A dwarf type not exceeding 5 feet in height adapted to use in the small garden and for use as tub specimens for porch or patio use. Large flowers of salmon buff freely produced over entire summer. Leaves are half-size of ordinary varieties. Flowers single and self cleaning. One of the most unusual oleanders ever grown and should become very popular. \$1.00 each.

Brunfelsia grandiflora—A fine shrub for growing in partial shade. Absolutely hardy. Produces quantities of deep lavender flowers with fragrance not unlike that of gardenias. Blooms over two months in late spring and early summer. Height 5 feet. Strong plants in gallon cans 15-18 inches. Well branched at \$1.50 each. Not Prepaid.

New Lilac "Metensis"—A hardy and very prolific flowering variety producing very long and full clusters of flesh pink flowers. Clusters of flowers up to 15 inches long. These clusters are produced even on small plants. Greatly admired by all visitors to our gardens. Strong plants at \$1.00 each. Prepaid.

Laburnum Vossii—"Golden Chain" tree. 30 feet. Spring blooming tree with long wisteria-like clusters. (to 20 inches) of golden yellow flowers. A magnificent flowering tree. Plant in sun; very hardy. 4-6 feet at \$1.25.

Koelruteria paniculata—"Golden Rain Tree". A small tree with compound foliage producing in early summer enormous panicles of golden yellow flowers, frequently 3 feet in length. Seed pods in fall resemble Japanese Lanterns in form. Very hardy. Trees 30 to 36 inches in height, 75 cents each. Prepaid.

Fall Blooming Tree

Cassia Splendida—A fall blooming small tree growing to 10 feet. Hardy in climates as low as 10° above zero. Very large flowers of a beautiful golden yellow produced in masses. One of the very few fall flowering trees. Plant in full sun for best results. \$1.00 each. 36 inch trees.

RARE FLOWERING SHRUB

Franklinia alatamaha (Gordonia)—Rare fall blooming shrub with erect branches. Leaves 5 to 7 inches long, bright crimson in the late fall. Flowers white cup shaped, 3½ inches wide. Grows to 15 feet. 12 to 15 inches \$2.00. Deciduous. Prepaid.

A Hardy Flowering Eucalyptus

Eucalyptus Rosea—A very beautiful deep pink flowering variety growing to height of 30 feet. Recommended for valley conditions because of ability to withstand temperatures as low as 15 degrees Fahrenheit without damage. \$1.00 each in gallon cans. 3 feet. Not prepaid. Flowers produced in large clusters.

Orchid Tree

Bauhinia Purpurea—"Orchid Tree." Small evergreen tree producing in greatest profusion flowers from 3 to 5 inches across. Colors vary from light to rich purple shaded with many tones. Should be planted in a southern exposure for best results. Strong young plants. Prepaid. 75c each.

Scarlet Oak

Quercus Rubra—Red Oak. Beautiful stately tree assuming rich autumn color. 50c each. Small trees 4-5 feet, \$1.75 each.

FLOWERING TREES Henderson's New Hybrid

New Japanese Red Bud—A most unusual red bud. Produces in early spring, branches laden with very vivid red blossoms. Enormous clusters giving the effect of great plumes. Selected roots from the original tree. \$2.50 each.

Red Bud (Japanese)—Handsome small tree or shrub from Japan. Grown for its showy reddish pink blossoms, produced in earlier spring before the leaves appear. Very striking plant growing with little care after established. Young trees, 75c each. Flowers much larger and more showy than our native species.

New Crepe Myrtle

Henderson's New Crepe Myrtle "True Red"—After testing many hundreds of hybrids over a period of many years, I offer the finest I have found. Produces clusters measuring 9 inches broad by 10 inches long of a rich rose red. A very spectacular small flowering tree. \$1.00 each.

Rare Flowering Maple Shrub

New "Double Flowering Maple"—One of the finest and most unique of this family. Producing 2 inch flowers with back petals of soft yellow, center is composed of many vivid orange petals like a pompom Dahlia. Very striking and the most unique variety of this upright ever-blooming shrub. Ready in April 30 inch \$1.00 each. Prepaid.

New Blue Hibiscus

A new and very hardy (throughout entire United States) Hibiscus. Flowers are of a beautiful lavender blue 3-4" across produced freely from June until October. A flowering shrub of most unusual quality and beauty growing to 8 feet high. 24-30" @ \$2.00 each. 12" @ \$1.00 each.

New Red Buddleia

"Dubonnet" Butterfly Bush. Color an exact counterpart of the popular French shade "Dubonnet". In sunshine and under artificial light it glows almost a true red. Firm cylindrical spikes, heavily set with individual flowers of good size that do not sunburn. Plant of robust erect growth. An excellent cut flower harmonizing well with other outdoor flowers. Flowering from May until October. Two year plants \$1.00 each prepaid. One of the finest plants ever introduced. Grows to 6 feet high.

Rapid Growing Camellias

Camellia Sasanqua Rosea—Single 3-inch flowers of a beautiful rose shade. Fragrant. A free flowering type, and more easily grown than the common varieties. Blooms in late October and November. 75c each.

Camellia Sasanqua—Double white fragrant flowers 75c each. Very fine. 18 to 24 in.

We are constantly adding to our Camellia collection of varieties and are in contact with leading growers throughout the United States.

CAMELLIAS

These beautiful flowers are deserving of more attention from home gardeners. They require a position protected from extreme cold. Preferably an eastern exposure with afternoon shade. They will repay a generous application of leaf mold or peat moss mixed well with the soil before planting. Cottonseed meal is an excellent fertilizer. One of the prime requisites in the culture of Camellias is to remember that absolutely no cultivation or stirring of the soil should be done at any time. Camellias are among the world's most beautiful flowering evergreens. Varieties offered here are among the finest. Good drainage essential

New Camellias 1940-1941

Alba Plena—Full double flower. Pure white and wax like in appearance. Very regular. Free blooming. \$2.00 each. 8 inch 1 gallon cans at \$1.00 each.

Covina—The most prolific flowering of all camellias. Also blooms longer than any other variety. Flowers when plant is young. Splendid variety for beginners. Large size 30 to 36 inches at \$1.75. Color is deep rose almost red.

Mme. Jannoch—A perfectly formed camellai with large flowers. Resembles a water lily with anthers showing. Fast grower and certainly an outstanding camellia. 30-36 inch at \$2.50.

Monarch—Deep pink flowers of enormous size with many clusters of stamens and petals inside of large outer petals. \$2.50 each.

Alba Plena Fimbriata—A form of alba plena with same habit of growth. Flowers very double and pure white in color. Edges of petals are lacinated. Price upon application.

Camellia Amabilis—A perfect ruffled single wax-like flower with conspicuous stamens of golden yellow. One of the world's most lovely pure white camellias. 8-10 inch size in gallon cans at \$1.00 each.

Col. Firey—Deepest crimson. Perfect symmetrical flowers. One of the two best reds in commerce today. 12-14 inch in gallon cans. \$3.50 each.

Napoleon D'Italie—Medium sized bloom double rose red with very dark almost blackish stripes. 30 inch at \$2.50.

Prince Eugene Napoleon—Good sized very double scarlet flowers of early to mid-season. 30 inch at \$4.00.

Jarvis Red—Deep blood red semi-double flowers with golden stamens. Dark green foliage. 8-10 inch at \$1.00.

Pink Perfection—Too well known to need describing. Flesh pink perfect double flowers. 75 cents each; 30-36 inch at \$1.50.

Camellia "Rainy Sun"—A very large rose-red form up to six inch flowers. Blooms early and unusually desirable. Rare. 6-10 inch in 5 inch pots at 75c.

Mathotiana Alba—A very late pure white variety. Has an attractive form and should be planted in shade for best results. Large flowers. 6-8 inch in 1 gallon cans at \$1.00.

Mathotiana Rubra—Gorgeous blood-red variety up to six inches in diameter. Very rare. 5 inch pots \$2.00. 10 inches in height.

All Camellias F. O. B. Fresno

W. H. Henderson's New "Fiesta" Zinnia

Beautiful new creation. The most astonishing new variety and a distinct break in two colors. Individual flowers 1-1½" in diameter. No two flowers, even upon the same plant, are ever alike. Admirably adapted for cutting and bedding purposes. Height 18-24". Colors are vivid yellow striped, quartered and halved with scarlet and orange. Makes one of the most attractive cut flowers because of the individuality of each blossom. 25 cents per package.

W. H. HENDERSON'S GIANT ZINNIAS

(Illustrated Above)

Wonderful rich color combinations never before seen in this type of zinnias. Enormous full double flowers rivaling dahlias. This strain is unique in that no two individuals are alike in color or type. Many new types are semi-cactus, crested and the new chrysanthemum flowered type. Colors including old gold, salmon, golden yellow, orange, scarlet, dark velvet, crimson, lavender, light and deep pink, with flame centers. They represent the very highest development stage of the modern zinnias. Seed offered only in mixed colors (above 150 seeds in pkt.) 50c pkt.; \$1.25 for 3 pkts. No half-packets offered.

The Zinnias described above are the result of twelve years of constant selection and crossing. Anyone who has ever seen these in bloom needs no introduction as to their superior colors and size.

New Hollyhock—(W. H. Henderson's Double Apricot Shades)—Large flowers up to 6 inches in diameter exquisitely blended shades of apricot orange on graceful stems 4-6 ft. long. Edges of petals laciniated and ruffled making a marvelous transformation of this popular flower. Seed 25c pkt. One year roots, \$1.50 per dozen; 25c each.

W. H. Henderson's New Gypsy Zinnia—A most unusual new and distinct type of Baby Zinnia. Flowers are double and semi-double about 1 inch in diameter. Colors included are mahogany red, ruby red, copper and crimson zoned and tipped yellow and white. Admirable for bedding purposes as plants possess an entirely different range of colors and are not comparable to any other class. 25c per packet.

Henderson's Baby Zinnias—Plants low and compact rarely exceeding 2 ft. in height. Excellent for bedding purposes. Flowers are small and produced in great profusion on long stems well above foliage. Make gorgeous display in the garden. More delicate and graceful for small bouquets than other zinnias. Mixed colors only 25c pkt.

W. H. Henderson's New Gypsy Zinnia—A most unusual new and distinct type of Baby Zinnia. Flowers are double and semi-double about 1 inch in diameter. Colors included are mahogany red, ruby red, copper and crimson zoned and tipped yellow and white. Admirable for bedding purposes as plants possess an entirely different range of colors and not comparable to any other class. 50c per packet.

I have been testing and improving Zinnias for seventeen years and the above types represent the finest I have ever grown. They above strains have been acclaimed by experts as the finest in commerce today.

Convolvulus Minor—A beautiful dwarf bush type of morning glory seldom exceeding 15 inches in height. Flowers of deep gentian blue with contrasting white center. 25c packet.

New Hollyhock—Orange Prince—Very pleasing. Flowers are large and durable. Color deep orange. Strong plants 25c each.

New Hollyhock—Golden Giant—Very large durable flowers of pure yellow. Tall and vigorous. Very striking. Plants 25c each. Seeds 25c packet.

Burbank's Crimson Morning Glory—Beautiful large blossoms of bright crimson. Very prolific bloomer. 25c packet.

Marigold "Dixie Sunshine"—A late blooming tall growing annual. Flowers 2 inches in diameter. Very durable. Resembling a formal mum. Color pure gold yellow. 15c packet.

Burbank's Amaranthus "Molten Fire"—An easily grown annual growing to height of 4 feet. Foliage striking deep maroon developing centers of vivid fire red. Sow after danger of frost. 25c packet.

Scabiosa "Blue Cockade"—Splendid new biennial from England. Very large flowers of an exquisite shade of azure blue. Blooms entire summer. Long stems. Excellent keepers. Seeds, 25c packet.

Mexican Sunflower—A rare annual from Mexico. Many stout stems grow from the base with large leaves. The flowers are large and remind one of an immense single dazzling scarlet zinnia. Blooms for a long period and is especially desirable for planting in front of tall shrubs or in the background of wide borders. 25c per packet.

SEEDS

"Orange Flare" Cosmos—Splendid new annual. Blooms in 90 days from seed. Flowers 2½ inches in diameter, and of a bright orange shade. 15c pkt. Three for 35c

Perennial Pea—Burbank strain. This variety is not surpassed in abundance, size flowers, length of stem, or variety of colors. 25c per packet.

New Yellow Hibiscus—Annual. Produces very large canary yellow flowers with maroon centers. Blooms five to six inches across. Very beautiful and has long blooming season. 25c per pkt.

Mexican Tulp Poppy—Perennial. Bloom from May until frost. Canary yellow tulips shaped flowers with fluted edges. Flowers keep a week even when cut in mid-summer. Height thirty inches. 25c per packet.

Scabiosa Fisherii—Splendid new species from Manchuria. Large deep purplish blue flowers. Much richer color than any other perennial type. Grows to 3½ feet. Admirable for cutting purposes. 25c pkt.

Dwarf Phlox—Annual of easiest culture. Do not transplant. Height 24 inches. Beautiful variety of colors. Very effective in masses. 25c packet.

Hybrid Pentstemon

Wm. H. Henderson's Hybrid Red Shades—A superior strain producing the very finest Pentstemon in shades of red. Specially selected seed from large flowered and clear red colored varieties. 25c per pkt.

Wm. H. Henderson's Hybrids Violet Shades—A selection of best tones of violet in our Hybrid Pentstemon. 25c per pkt.

Wm. H. Henderson's Hybrids "Rose Shades"—Made up of superior rose colored varieties. 25c per pkt.

Delphinium—W. H. Henderson's Hybrids. A vigorous long lived strain. Withstands warm summers much better than other forms. Flowers are single, semi-double and double. Colors range from sky-blue to mauve pinks and deepest indigo. Selected for hardiness as well as beauty. Seeds 50c per pkt.

SHRUBS

Xylosma senticosum—A most attractive plant. Shiny green foliage evergreen to 6 feet in height, followed by red fruit. New growth bronzy red. A fine foundation shrub. One of the finest foliage plants grown. 1 gallon cans 75c. Not prepaid.

Vitex macrophylla—A comparatively new variety with large spikes of deep blue flowers freely produced all summer long. Lupin like foliage. Grows to 8 feet high, 18-24 inch size at 75c each. Prepaid.

CARDINAL FLOWER

Lobelia Cardinalis—A beautiful bog plant blooming in mid to late summer. Showy spikes of flowers to 4 feet of most brilliant cardinal red. Hardy Perennial. 25c each.
